

OUR MISSION

The TransplantFirst Academy’s mission is to offer nephrologists and renal group practices an accelerated CKD patient education program that utilizes a proactive model of patient self-advocacy with emphasis on end-stage options and associated outcomes.

OUR PURPOSE

The TransplantFirst Academy’s purpose is to improve CKD patient outcomes by helping healthcare providers understand the critical call and unmet need for advanced kidney patient education—and their leadership role in inspiring proactive patient “self-advocacy.”

OUR VISION

The TransplantFirst Academy’s vision is to have all transplant eligible CKD patients optimize newly acquired knowledge and skills to circumvent dialysis, secure a preemptive ‘live-donor’ kidney transplant—and achieve a better quality-of-life.

WHO WE SERVE

The TransplantFirst Academy’s target audience includes nephrologists, renal groups and transplant centers – and ESRD Networks and CMS divisions that provide and oversee CKD and ESRD patient education.
